

# ASX - WEEKLY REPORT

Week Ending Friday 27th March 2015

Currency – AUD

---

There was 1 entry and 1 exit for the ASX last week.

There are 0 new orders for the coming week

Saracen Holdings exited on some accounts but not on others, this can be caused by a number of factors including the spread between the Bid & Ask prices on different brokerage platforms. With this in mind and because some subscribers still have positions in Saracen, we are re-including it in the reports so we can run the trailing stop strategy for these subscribers, until their exit occurs.

The colour coding we are currently using is as follows:
