Please check into this Forex Position size calculator – we believe it is 1 of the best available - <http://www.myfxbook.com/forex-calculators/position-size>

We recommend that Forex orders for Mondays, not be placed until 4 hours after opening – around 02:00 GMT – this is because of the volatility and gapping which often happens around the London opening for Forex

There will be no new orders for the rest of the week as Markets will need a couple of days to settle down after the election and Friday is a National Holiday in the USA – so liquidity will be low then also.
